### **INFORMED CONSENT TO PHYSICAL REHABILITATION**

I hereby request and consent to the performance of physical rehabilitation including various modes of physical therapy, diagnostic x-rays, spinal manipulation and/or mobilizations if deemed applicable on me (or on the patient named below, for whom I am legally responsible) by the doctor of physical therapy, licensed physical therapy assistant, or doctor of chiropractic depending on my treatment. I consent to who now or in the future treat me while working or associated with this clinic.

I will have an opportunity to discuss with the doctor and/or with other office or clinic personnel the nature and purpose of spinal mobilizations or manipulations and other physical rehabilitation procedures. I understand and informed that, as in the practice of medicine, in the presence of physical rehabilitation there are some risks to treatment including, but not limited to, fractures, disc injuries, strokes, dislocations, and sprains. It is not reasonable to expect the doctor to be able to anticipate and explain all risks and complications or a given procedure on any particular visit, and I wish to rely on the doctor to exercise judgment during the course of the procedure which the doctor feels at the time, based upon the facts then known, is in my best interest.

Spinal mobilizations and manipulations involves the science, philosophy, and art of locating and correcting spinal misalignments and as such, is oriented towards improvement of spinal function relative to range of motion, muscular and neurologic aspects. There has been no promise, implied or otherwise, of a cure for any symptom, disease or condition as a result of treatment in this clinic.

I have read or have had read to me, the Informed Consent to physical rehabilitation and care. I have also had the opportunity to ask questions about its content and by signing below I agree to the above mentioned procedures. I intend this consent form to cover the entire course of physical rehabilitation treatment for my present condition and for any future condition(s) for which I seek treatment.

Please note you can choose any therapy center for your treatment. PainCare of San Diego has a financial interest in our physical therapy department.

**Direct Physical Therapy Treatment Services.** If you are receiving direct physical therapy treatment services from an individual who is a physical therapist licensed by the Physical Therapy Board of California. Under California law, you may continue to receive direct physical therapy treatment services for a period of up to 45 calendar days or 12 visits, whichever occurs first, after which time a physical therapist may continue providing you with physical therapy treatment services only after receiving, from a person holding a physician and surgeon's certificate issued by the Medical Board of California or by the Osteopathic Medical
